CONDITIONAL COVERAGE: Conditional insurance, under the terms of the contract applied for, may become effective as of the date of completing Part 1 of the application, the date of completing Part 2 of the application, or the date requested in the application, whichever is latest (the Effective Date), but only after all the conditions to conditional coverage have been met.

CONDITIONS TO CONDITIONAL COVERAGE UNDER THIS RECEIPT: Such conditional insurance will take effect as of the Effective Date, but only so long as all of the following conditions are met:

1. The payment made with the application must be received at our Administrative Office within the lifetime of the Proposed Insured and honored on first presentation for payment;

IF CONDITIONS ARE NOT MET OR DEATH OCCURS FROM SUICIDE, THERE IS NO COVERAGE UNDER THIS RECEIPT. If one or more of this Receipt's conditions have not been met exactly, or if a Proposed Insured dies by suicide or intentional self-inflicted injury, while sane or insane, the Company will not be liable under this Receipt except to return any payment made with the application. Except as provided in this Conditional Receipt, no coverage under the contract you are applying for will become effective unless and until after a contract is delivered to you and all other conditions of coverage set forth in Part 1 of the application have been met.

Notice and Consent for HIV-Related Testing TEXAS

To evaluate your insurability, the insurer named above ("the Insurer") has requested that you provide a sample of your blood, oral fluid extracted from cheek and gum tissue, or urine for testing and analysis to determine the presence of human immunodeficiency virus (HIV) antibodies. By signing and dating this form, you agree that this test may be done and that underwriting decisions will be based on the test result. A series of three tests will be performed by a licensed laboratory through a medically accepted procedure.

Pre-Testing Considerations

Many public health organizations have recommended that before taking an HIV-related test, a person seek counseling to become informed concerning the implications of such a test. You may wish to consider counseling, at your expense, prior to being tested.

Meaning of Positive Test Result

The test is not a test for AIDS. It is a test for antibodies to the HIV virus, the causative agent for AIDS, and shows whether you have been exposed to the virus. A positive test result does not mean that you have AIDS but that you are at significantly increased risk of developing problems with your immune system. The test for HIV antibodies is very sensitive. Errors are rare, but they do occur. Your private physician, a public health clinic, or an AIDS information organization in your city might provide you with further information on the medical implications of a positive test. Positive HIV antibody test results will adversely affect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.

Confidentiality of Test Results

All test results are required to be treated confidentially. They will be reported by the laboratory to the Insurer. The test results may be disclosed as required by law or may be disclosed to employees of the Insurer who have the responsibility to make underwriting decisions on behalf of the Insurer or to outside legal counsel who needs such information to effectively represent the Insurer in regard to your application. The results may be disclosed to a reinsurer, if the reinsurer is involved in the underwriting process. The test results may be released to an insurance medical information exchange under procedures that are designed to assure confidentiality, including the use of general codes that also cover results of tests for other diseases or conditions not related to AIDS, or for the preparation of statistical reports that do not disclose the identity of any particular person.

Notification of Test Results

If your test results are negative, no routine notification will be sent to you. If your test results are reported by the laboratory to the Insurer as being positive, you will receive written notification of such results from a physician you have designated or, in the absence of such designation, from the Texas Department of Health. Because a trained person should deliver that information so that you can understand clearly what the test result means, please list your private physician so that the Insurer can have him or her tell you the test result and explain its meaning.

Notice and Consent for HIV-Related Testing TEXAS

In the event the test is positive and you are denied coverage because of that fact and you request the reason for the denial, the insurer may require you to name a physician at that time in order to receive the information.

If the test indicates a positive result, but you do not designate a private physician, the test results will be provided to you by a representative of the Texas Department of Health.

Consent

I have read and I understand this *Notice and Consent for HIV-Related Testing*. I voluntarily consent to the withdrawal of blood, oral fluid extracted from cheek and gum tissue, or urine from me, the testing of that sample, and the disclosure of the test results as described above. I have read the information on this form about what a test result means.

I understand that I have the right to request and receive a copy of this authorization. A photocopy of this form will be as valid as the original.

Important Notice: Replacement of Life Insurance or Annuities

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisitions costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract?
   ☐ YES ☐ NO

2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ☐ YES ☐ NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured, and the contract number if available) and whether each policy will be replaced or used as a source of financing:

INSURER NAME	***CONTRACT OR POLICY #***	***INSURED***	***REPLACED (R) OR FINANCING (F)***
1.			
2.			
3.			

Make sure you know the facts. Contact your existing company or its agents for information about the old policy or contract. (If you request one, an in-force illustration, policy summary, or available disclosure documents must be sent to you by the existing insurer.) Ask for and retain all sales materials used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense.

PREMIUMS:

Are they affordable?
Could they change?
You're older -- are premiums higher for the proposed new policy?
How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.
Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
What surrender charges do the policies have?
What expense and sales charges will you pay on the new policy?
Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
You may need a medical exam for a new policy.
(Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
Suicide limitations may begin anew on the new coverage.)

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?
How will the premiums on your existing policy be affected?
Will a loan be deducted from death benefits?
What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST-SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?
What are the interest rate guarantees for the new contract?
Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?
Is this a tax-free exchange? (See your tax advisor.)
Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
Will the existing insurer be willing to modify the old policy?
How does the quality and financial stability of the new company compare with your existing company?
